

Why pay for Internet that only works at home?

Unleash high-speed Internet from virtually anywhere

With Fido's 3G mobile Internet stick on your laptop, you get a secure connection that will take you just about anywhere¹.

And at up to 7.2 Mbps, it's faster than your basic high-speed connection at home.

As easy as plug and surf

Just plug the stick into your laptop and get ready to browse, download and e-mail at high speed.

What's in a Gigabyte?

1 GB = 1,024 MB; 1 MB = 1,024 KB
1 GB corresponds to approximately:

- 5,000 e-mails with text only,
- 1,500 Web pages,
- 400 photo uploads/downloads or
- 50 minutes on YouTube

Note that the size of web pages, e-mails and attachments vary widely. The above examples are estimates only, based on laptop usage with the 3G laptop Internet stick on the Fido network.
